React js

After graduating in October 2023, I joined Softsynth Software Solution Co. in Faridabad, diving into a rigorous training program to excel as a React Web Developer. With intensive learning in HTML, CSS, JavaScript, and React, I completed my internship by March 2024, ready to contribute effectively in web development.

PROJECTS

Portfolio Website

URL: <https://myportfolio1906.netlify.app/>

As a testament to my proficiency in web development and design, I conceptualized and developed my personal portfolio website to serve as a comprehensive showcase of my skills, projects, and achievements. The website encapsulates both my major and minor projects, offering visitors a glimpse into my technical expertise and creative endeavours.

Key Features:

- **Project Showcase:** Featuring a curated selection of my major and minor projects, highlighting diverse skills and technologies.
- **Connectivity:** Provided direct links to my GitHub, LinkedIn, CodePen, and Gmail accounts, fostering seamless communication and collaboration opportunities.
- **Responsive Design:** Ensured optimal viewing experience across various devices, prioritizing accessibility and user experience.
