Projects

Portfolio Website
myportfolio1906.netlify.app

Explore my portfolio website to discover an array of major and minor projects, comprehensive education details, and a thorough overview of my skills. The site also provides deeper insights into my professional journey and personal background. It's a testament to my dedication, showcasing my expertise and growth as a junior developer.

Small Shopping Website
online-dukaan.netlify.app

Visit my small shopping application website to experience a seamless online shopping journey. The site features a dynamic product listing page (PLP), detailed product description pages (PDP), and efficient add-to-cart functionality. This project showcases my ability to create user-friendly, functional, and engaging e-commerce solutions.

Spotify Clone
spotifyclone1906.netlify.app

Check out my Spotify clone application, featuring 20 popular playlists, each filled with a selection of songs. Navigate easily between tracks, adjust the volume, and seek within songs using the intuitive progress bar. This project demonstrates my ability to develop feature-rich, user-friendly music streaming experiences.

Quiz Application
quizapp1906.netlify.app

Explore my quiz application, where you can select from categories like General Knowledge, Mathematics, Sports, Music, and History. Customize your quiz by adjusting the number of questions (1-50) and choosing the difficulty level (easy, medium, hard). This project showcases my ability to create interactive, user-centric educational tools.
